SEE YOU ON THE SLOPES?

The Art Büro is hitting the slopes in beautiful Andorra. Just 2 and a half hours from Barcelona, we are privileged to have this tiny mountain nation on our doorstep! Known for its ski resorts, low tax rates and discounted shopping, it is also a growing art hotspot.

Ancient history and a traditional culture belie a new modern Andorra - with an impressive number of public artworks, galleries and museums to explore. We love connecting with clients even in the snow and would love to support you on your art journey this year.

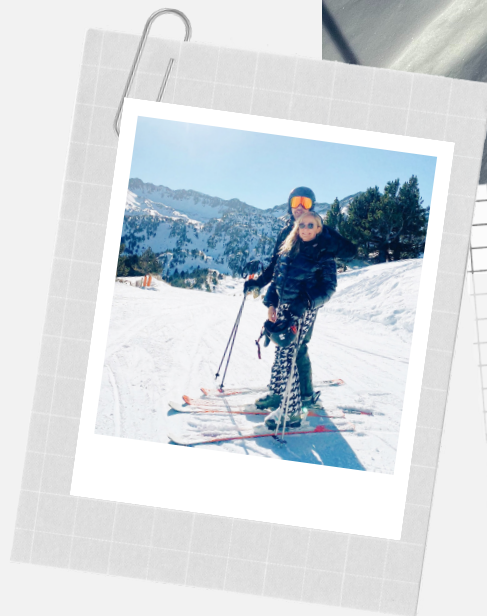

Andorra has a special place in our heart and we hope this guide helps you fall in love with it too.
